

UTEPO

Just make it simple

' THIS 'is all you need

for small typed surveillance transmission system

UTP104PV-HD

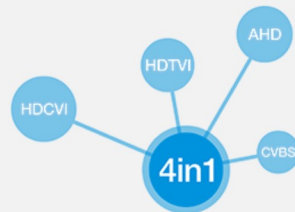

1 HD Video+Power One Cable Links All

Deep development based on engineering application, simplified wiring and saved costs.

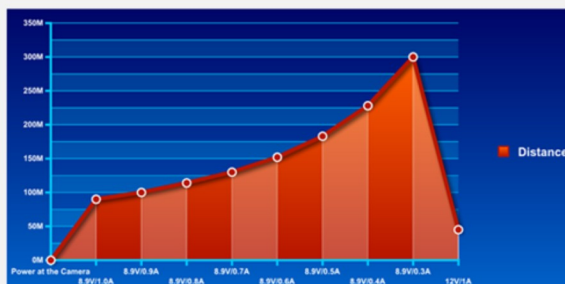

2 4 in 1 Transmission Superior Compatibility

Compatible with HDCVI/HDTVI/AHD/Analog Video Higher Color Saturation. No Double Image.

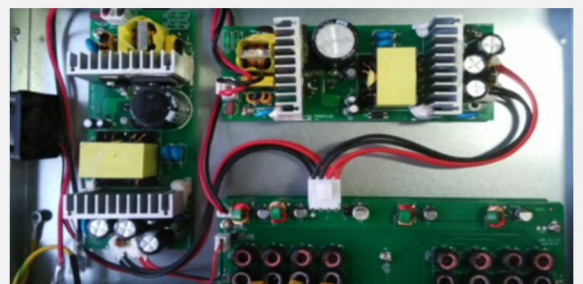

3 Superior Performance

Up to 300m transmission distance Max. 12V/1A output.

4 Professional Power Module

Over voltage, over current and over temperature protection Working Temperature: -10°C~50°C.

5 Support DB15-BNC Cable

No more complicated connection, installation time lowered by 50% and high efficiency.

5 connectors

8 connectors
