Release Note for SmartVPN Client

Firmware Version:	5.4.2
Release Type:	Normal
Applied Operation System	Windows XP SP3, Vista 32-bit/64-bit, Windows 7 32-bit/64-bit, Windows 8, Windows 10, Windows Server 2012 R2

The Smart VPN Client is a VPN configuration utility. It makes VPN configuration easy for users. It could support the following VPN schemas, PPTP, L2TP, IPSec, OpenVPN, and DrayTek SSL Tunnel.

New Features

- Support OpenVPN 2.5.

Improvement

- Improved: Support German translation for the VPN Matcher setting page.
- Improved: Support multiple language translation for the new added Save button in Setting tab.
- Corrected: An issue of a typo in adding a new VPN profile.
- Corrected: An issue of permanent removing the VPN profile.
- Corrected: An issue of Portugal translation for the alert message of the same subnet.
- Corrected: An issue that the first created VPN profile was blank after clean installation.
- Corrected: An issue of remembering my credential button on the login prompt not working.
- Corrected: An issue of system trouble, if the user's PC having more than 17 network adapters.

Known Issue

- SmartVPN Client will freeze if a user does a long-time performance test with SSL VPN through WiFi.
